Springfield, VT

Research Interests

My research focuses on everything that is worth researching, with a special emphasis on things that haven't been researched before. Particularly, I develop methods for research based on other methods and theories that have been well established and their application in a variety of fields.

Research topics: Five Magics, Middle-earth, Yog Sothothery, Encabulation, Generative AI

Metrics

Publications	567 published articles in peer-reviewed journals with over 60 citations 2 technical reports for nonprofit organizations
Teaching	45 course as primary instructor & 5 courses as teaching assistant 1356 hours of teaching experience
Communication	38 oral presentations in conferences 4 invited talks
Funding	16 awarded grants

Education

Ph.D. in L-Space — January 2011 | Ankh-Morpork
Unseen University
Cum laude

M.Sc. in Necromancy — January 2008 | Ankh-Morpork
Unseen University

B.Sc. in Wizardry — October 2005 | Orthanc, Isengard
University of Orthanc

Research Experience

Professor — September 2022 – Present | New New York, NY
Department of Space-Time
Globetrotter University

Associate Professor — December 2021 – August 2022 | Arkham, MA
Department of Medicine and Comparative Anatomy
Miskatonic University

Lecturer — August 2018 – December 2021 | Arkham, MA
Department of Psychohistory
Streeling University

Research Associate June 2015 – August 2018 | Oxbridge, UK
Division of Student Affairs
Scumbag College

Post-doctoral Researcher April 2013 – March 2015 | Bristol, UK
Department of Timey Wimey Stuff
St Luke's University

Teaching Experience

Primary Instructor Fall 2018 | Arkham, MA
Anatomy 101, 3.0 credits (1 section)
Department of Medicine and Comparative Anatomy
Miskatonic University

Lead Teaching Assistant Fall 2018 | Capital City, Trentor
Applied Psychohistory, 6.0 credits (4 sections)
Department of Psychohistory
Streeling University

Software & Data Resources

Software

Just a Really Very Intelligent System 2020
Artificial intelligence designed to control both households and armors
GitHub | Article | Docs

Databases & Dashboards

Skynet Data 2018
Downloadable database with interactive visualizations
Website

Publications

Journal Articles

Weird, S.; Newman, J.; Chirstiansen, K.; Cassidy, J."Alternatives to the prefamulated amulite in a last generation turbo encabulator" *Journal of Electromechanical Machines* 23(4), 12–21 (2025). [DOI]

Reports

Storm-Richards, S.; Storm, J.; Grimm, B.; **Weird, S.**; Richards, R."Indicators & Trends of the Negative Zone" Strategic Hazard Intervention Espionage Logistics Directorate (2024).

Conference Papers

Weird, S.; Kaye, M."Is a dingle arm the best option for controling a barescent skor motion?" In *Proceedings of the Annual Meeting*, pp. 45–52 (2023).

Preprints

Weird, S.; Dunsany, L.; Thurston, F.W.; Angell, G.G."A new and improved procedure to wake up the Great Old Ones" *ArkhRxiv*, preprint (2025). [DOI]

Presentations

Invited Talks

A new and improved fluid with low stickiness and increased thwip which also serves to demonstrates what happens with a long title May 2018 | New York City, NY
Empire State University Seminars

Conferences

Daleks: what's up with them anyway, Alonzo? May 2026 | Capitol, Gallifrey
MMXXVI Gallifrey Daylight Saving Time Society Summit

Good news everyone: here is a poster with some very bad news 2010 | New New York, NY
[poster]
First Meeting of the Planet Express Crew

Funding

Funded projects

Impact of overuse of discombobulators across the globe 2020 – 2022 | San Francisco, CA
US Department of Impacts
Principal Investigator

Materials for next generation turbo encabulators 2017 – 2020 | London, UK
British Institution of Electrical Engineers
Key personnel

Unfunded projects

Solve everything 2024 | New York City, NY
Baxter Foundation
Key personnel

Awards and Honors

Outstanding Achievement in the Field of Excellence March 2019 | Springfield, AD
Springfield University

- Presented by Joe Frazier

Ig Nobel Prize January 2011 | Boulder, CO
University of Eastern Colorado

- Prize includeas a 10 trillion Zimbabwean dollar banknote

Memberships

The Fellowship of the Ring June 2024 | Rivendell, Eriador
Full membership

- Membership is by invitation only

Service

Faculty Rep. for the Committee on Committees 2020 – 2022 | Arkham, MA
Miskatonic University

Reviewer 2017 – Present
Necronomicon Reports, Arkham Medical Journal, PLoS ONE
